Banning Adult School Open, Starts Wide Class Program

Principal Walter Holstein and the Banning Adult School staff welcomed more than a thousand new returning students during opening week of school beginning Monday, Sept. 17.

While most of the adult students are taking subjects to earn high school diplomas, many are taking courses preparing them for better jobs for advancement in business, trade, or industry.

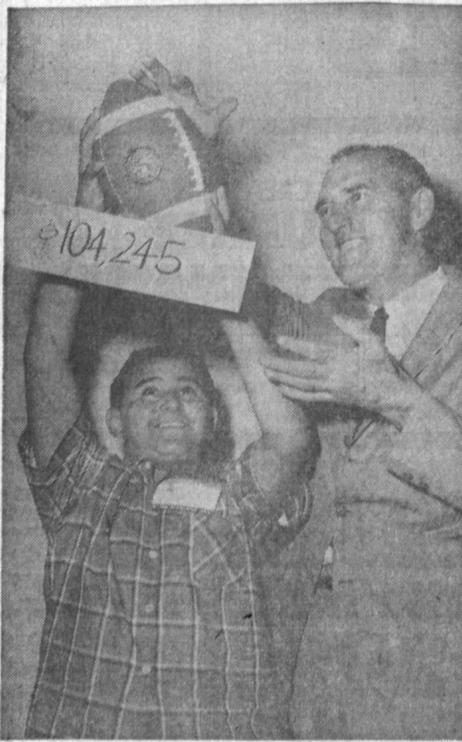

Courses include welding, auto shop, electronics, woodshop, schematic reading, business machines, typewriting, shorthand, bookkeeping, and others.

Adults returning to school for the high school diploma

find a friendly atmosphere conducive to learning at Banning Adult School. They find many others like themselves, who had to postpone their high school education, and are taking up where they left off, earning diplomas by attending evening classes.

Veterans of World War II or the Korean conflict will find a special program where they may earn the diploma in much less time than others.

There is no tuition for students working towards the high school diploma under the advice and direction of a counselor. Counselors are on duty Monday through Thursday, 6:30 to 8:30 p.m.

Harbor Chest Goal Set At \$104,245

A goal of \$104,245 was announced this week by Torrance area campaign chairman Fred Mill and co-chairman G. S. (Stan) Williams for support of 170 youth, health and welfare agencies joined in Community Chest.

The campaign slogan is "How much do you care? Share the United Way."

To find the answer to the question and to insure all will have the joy of sharing, a total of more than 5000 volunteers are mobilizing in this area alone, Mill said.

"Your help is needed," he said. Already in the field are commerce and industry chairmen and committee-men eliciting substantial gifts from civic minded corporations and larger firms. On Monday at the Plush House Restaurant, Redondo Beach, employe Chest chairmen and executives will have a kickoff luncheon and briefing to spur giving by workers in business and industrial firms.

Mills said nearly 12,000 area residents, including hundreds of children, obtained needed help from chest-aided agencies.

IT TAKES TEAMWORK by athletes like Fred Olguin (left) of San Pedro Boys Club and ex-pro Stan Williamson to reach a goal. Pair set sights on a \$104,245 goal for Torrance area Community Chest campaign.
